

# LWV Study & Advocacy Process

## Questions from the state League (LWVC), in 2017 program planning

1) What changes, if any, would you suggest making to the League study process?

In applying League positions to advocacy decisions:

2) Should we continue to rely on specifics of each League position, and require update studies to change these details? YES \_\_\_ NO \_\_\_ Comments: \_\_\_\_\_

The alternative is to give the statements of principle more weight than the details of the position.

3) Should there be a distinction between

- issues that previous studies did not cover, and
- issues that were studied but on which no consensus was reached?
